SUMMARY

Hi, My name is Tor. This year, I'm 21 years old and studying at Khonkaen University, and I'm looking for an internship that will help me gain experience in my first job. I'm a highly adaptable person who loves to do a job and learn new skills. I have been prepared for programming since 3 years ago, and now I have dexterity for a while, I also have English communication skills which can help me have less complicated conversations when I hit a language wall.
